Annex-1: Terms of Reference

Training Provider for the Vocational and Life Skills training at LLs

Name of Local Level: Amargadhi Municipality, Dadeldhura

Number of Trades: 1

Name of the Trades: Masonry (brick and stone masonry)

I. Background

Prime Minister's Employment Program (PMEP) is Government of Nepal's flagship program which envisions guaranteeing minimum employment of 100 days of work to the registered unemployed in labor-intensive public works programs (PWP) or provide a subsistence wage in the absence of work, to eligible households. Youth Employment Transformation Initiative (YETI) project supports PMEP to improve the employment support services and labor market outcomes of the youth.

The YETI project will aim to address gaps in the labor supply-side interventions and complement ongoing initiatives on the labor demand side. On the supply side, the project will aim to address the lack of a systematic approach to the provision and management of employment promotion services and systems to support job seekers. On the demand side, the project will aim to generate short-term temporary employment opportunities for the most vulnerable, which can improve their short- and medium-term productivity. The focus on youth will address risks of fragility and conflict.

The Project Development Objective (PDO) is to improve employment services and labor market outcomes, especially for youth. Improved labor market outcomes for youth refer to increased earnings/improved livelihoods for the individual beneficiaries of the project.

YETI aims to supplement temporary employment through cash for work with up to 40 days of on-the-job training and up to 10 days of life-skills training in an effort to introduce elements of productive inclusion in PMEP. The training is expected to increase skills and employability of the beneficiaries, to help them to become less vulnerable to shocks and reduce their reliance on public works.

The skills training is intended to help temporary employment beneficiaries acquire skills that are relevant to the work they are doing. The target group is largely unskilled beneficiaries of PMEP. The sessions will be delivered at the local level, by locally procured firm(s). Trainees will continue to receive wages from the PMEP during the duration of training.

Various agencies across the government, projects and programs have been delivering skills training in Nepal for a long time. In the government two agencies, Council for Technical Education and Vocational Training (CTEVT) under Ministry of Education, Science and Technology and Vocational and Skill Development Training Center under Ministry of Labor, Employment and Social Security, have curriculums for training provision. Typically, short-term skills training modules are three months long (390 hours) and combine theoretical and practical aspects. For YETI, MOLESS has prepared shorter training modules and curriculum in five identified trades as mentioned below:

1. Road repair and maintenance
2. Masonry (brick and stone masonry)
3. Plumbing
4. Electrical repairs
5. Carpentry

One additional module of Life Skills Training has been envisioned to enhance entrepreneurship and self-employment initiatives of the ministry to support the trained cash for work beneficiaries who want to find employable opportunities. The life skills sessions will cover a range of topics and are expected to

11 / Page
Chief Administrative Officer

promote goal setting, decision making, self-esteem among beneficiaries and financial literacy to promote some behavioral changes and help them engage in more productive and sustainable activities

Training Service Provider is a professional firm with knowledge and experience in the areas of skill based vocational training and life skills training.

II. Objectives of the assignment

The main objective of the assignment is to deliver vocational skills in five trades and life skills training using the approved curriculum for the YETI cash for work beneficiaries alongside cash for work to improve their skills.

III. Scope of Work

1. Prepare the training schedule and plan with appropriate approach and methodology in collaboration with the relevant LL. The plan should define training event by trade, location, number of trainees in each group not exceeding 25 trainees per training event.
